

## **St. Croix Presbytery**

As is true in every Presbytery, without the contributions of some loyal, generous and hard-working laypeople what needs to be done wouldn't happen. In the Saint Croix Presbytery, we are certainly grateful for these individuals multiple contributions and enthusiasm. Many examples could be offered but I will only mention one. Thanks to a small band of volunteers, the Wellness Centre, which received a grant from Maritime Conference, continues to meet three times a week. On Mondays, there is a session on Mindfulness and Meditation; on Wednesdays, the topic is Shared Reflections; and on Fridays, it is Exploring Spirituality.

In addition to the above assistance, the three of us who are working full time serving the congregations in McAdam, St. Andrews and St. Stephen are also most appreciative of the multiple ways we are aided by these three retired clergy persons: Lois Bartlett, Jim Crighton, Robert Johnson.

Respectfully submitted,  
Rev. Dr. Mark Hatfield  
Kirk-McColl United Church
