

## **Announcing: Website launch and call for submissions to the United Church online hymn and worship music portal, *Then Let Us Sing!***

United Church Publishing House is excited to announce the website launch for *Then Let Us Sing!* ([www.thenletussing.ca](http://www.thenletussing.ca)), an online music portal that will make all of the United Church's hymn resources available in one digital location and under one copyright license.

RC15 Music United Convenor, Kevin Parks, is a member of the project development team, working on Marketing, Animation and Fundraising. "We're also calling on submissions from hymn lyricists and composers to be considered for inclusion in the first selections of new material in *Then Let Us Sing!* Guidelines for submissions, and info on how to contribute financial support to this project can be found on the website."

Watch for ongoing updates on church social channels, our website, Regional Council newsletters and in the mail as we progress toward the release date in Fall 2024, in time for the United Church's 100th anniversary year. And if you would like more info, contact Kevin at [joyfulnoise@saintandrewshfx.ca](mailto:joyfulnoise@saintandrewshfx.ca)
