

Hello All,

September is here! Blessing to you as choirs return and back to church programs start up.

This upcoming Sunday, September 10 at the regular 10:30 am morning worship Trinity-Clifton Pastoral Charge, (Charlottetown, PEI), Rev. Dr. John Moses and the FSLDW Region will celebrate a covenanting service as Rev. Moses begins (as of June 1, 2023) a three year appointment as full time Minister.

While Rev. Moses and Trinity-Clifton UC have been together in ministry in years past (2007 to 2015) this covenanting service will formalize their current relationship and commitment to God and one another.

All gathered will make promises to support and care for one another in love. Representatives of the FSLDW Region will also make promises of support.

Knowing God's covenant with us never changes, our covenants with one another do evolve. Today's ministry will be different from what it was when they were together in ministry in years past. For today they are called by God to live out this ministry in this particular moment in time in the Charlottetown area, neighbouring communities and into the world.

Together, may they seek ways to live into our collective call to Deep Spirituality, Bold Discipleship, and Daring Justice as they embody God's love in the world.

Wherever you are in worship across the Region, on Sunday morning September 10, I invite you to please hold the people of Trinity-Clifton and Rev. Moses in prayer as they go forward in hope.

May the Holy blessings of this covenant continue to sustain us all in our shared ministry.

Keep watch on the [FSLDW Facebook](https://www.facebook.com/FSLDW).
