

Happy Anniversary to all of us in Fundy St Lawrence Dawning Waters Region!!

On September 29, 2021 we met as a Region on Zoom. The vote to become an Affirming Region was an overwhelming 98%!! Our Affirm Committee had a small celebration with the Executive of the time. At our next Annual meeting, again on Zoom, we celebrated with everyone, with stickers and flags sent by mail. At our last Annual meeting we were in person in PEI and the colors and conversations were evident! We will mark our 2nd Anniversary this month!!

The committee has been working hard to share webinars to help us all deepen our understandings of what it truly means to be an inclusive church. We lean heavily into the stories we have of Jesus' ministry - crossing social barriers, sharing new understandings of ALL of God's humans, and breaking new (and often controversial) paths. We are a people on a journey!!

Has your community of faith had discussion about becoming Affirming? Maybe you are already a very welcoming group. Why not take the next step?

If there is anything our committee can do to help you get started, or continue on, please reach out to us.
