

President's Monthly Message - March 12, 2024 to April 11, 2024

This was my 10th month as your President.

Recovering from this illness, I was able to attend my first in-person funeral as well as the following Zoom meetings.

I attended via Zoom on March 20, 2024, my Division of Services and Support Meeting, as I chair the Stewardship Committee in this Division for the region.

On your behalf via Zoom, on March 21, 2024, I attended the Annual Meeting Planning Committee as we prepare for our upcoming AGM at Dal AC, Truro, NS in May.

On your behalf, on March 28, 2024, I attended the funeral of Rev. Shelagh McCulloch-Taylor (retired), at Trinity United Church, Timberlea, NS and brought condolences on behalf of the Executive Council, Staff and all Communities of Faith. Shelagh was a student minister at my home church of St. James, Dartmouth in 1985 and 1986. We shared a long friendship and a deep love of our church.

I was unable to Chair the Executive Meeting on April 11, 2024 and I wish to thank our Past President, Dr. Sandra Tomsons for stepping in for me.

My doctors found from extensive blood work that my body was depleted due to this virus, so we are now on a regiment of medications to boost my immune system.

Please take care of yourselves and those around you. Life is truly precious!

In Peace and Hope,

Shauna MacDonald  
President  
Bermuda-Nova Scotia Regional Council
